

Single Point Lesson #194

Bushings wearing out!

X	Basic Skill
O	Counter Measure
O	Accessibility
X	Safety
O	Mistake Proofing
X	Productivity

Often we can tell if a Bushing is worn badly when we see metallic particulates or hear a thumping sound ...

Typically when you see or hear these bushing issues, it's quickly verified when we disassemble it !

We enjoy hearing from our subscribers. If you have ideas that you feel will help our readers as Single Point Lessons, please send us your lessons. Several subscribers have already submitted lessons that have been included in our previous mailings. Please send your ideas to: jkravontka@fando.com
