

Can you spot the differences?

They say a picture is worth a thousand words. It's true. Sometimes it's a lot easier to show someone an image than try to describe it. So we have some pretty fancy computer software that allows our talented designers to take a picture of a real place and either add or remove things to show our clients what their future design would look like.

Today, **Myles Simon**, our wonderful Landscape Designer, has worked a little of his magic on this image. Can you spot the nine differences between these two pictures? Look carefully...some are very hard to find!
